Subject: Comments & Public Hearing Request on Lahaina Injection Well Permit

Dear Ms. Rumrill,

Attached are the comments and request for public hearing from the Maui Nui Marine Resource Council. Our council consists of 35 members, 25 of whom are voting members representing a large constituency of Maui residents, and 10 of whom are affiliated with various government agencies and are members in an advisory capacity.

On June 11, our Council voted unanimously in favor of the comments and request for public hearing, per the attached letter. We sincerely hope that a way can be found to have more discussion on this important issue.

Mahalo!

Rene Umberger
